DENTON TEXAS

Mr. Taylor,

I surely have enjoyed working on some of the units in Physics - Sound, Optics, and Electricity. Obviously, I like electronics more, and I'll always stick to it as a hobby. Someday I'll design my own circuit. Thank you for exposing me to its mysterys. Best of everything in all you may do.

Larry "Bud" Buchanan

Mr. Taylor

Its been fun being
in your Physics class
this year. Though you
may not belive it I
have learned something
this year. Best of Luck
in the years to come.

I can't say its been
too easy, but I believe
that I have learned
quite a bit from you
in the last two years.
Lots of happiness,
and thanks.
Greg Finches

Mr. Taylor,
It has really been
enjoyable being in your
classes this year, although
I didn't study near as
much as I should.
I learned a lot - Im looking
forward to taking pictures /
applied science next
year. Best of luck and Wishes

Mr. Taylor,
I enjoyed taking
Chemistry this year.
You have a rather
effective method of
teaching. Ralph

Dear Mr. Taylor
I want to thank you
so much for helping
to make this book so
wonderful! We certainly
couldn't have done it
without you. Thank you
also for all the chemistry
you somehow or other
drilled into me. I really
enjoyed your class very
much. Good luck and happiness
in the future.

Sincerely,

'55 Bronco

annual student publication of

DENTON HIGH SCHOOL

DENTON, TEXAS

At last the big moment arrives! The 1955 Broncos are handed out into eager hands and another school year has been recorded for posterity. We have spent many hours in making the book into a pictorial memorial that you will treasure for years to come. In these pages, we have tried to show a representative cross-section of life in Denton High as well as the spirit of the seven hundred "Broncos," which is exemplified by the drawings on the division pages. Our success or failure depends on the attitude that you, the student body, adopt toward our efforts.

In order to give a complete record of the year, classroom scenes from every department in the school have been included along with the extracurricular activities, such as dances, clubs, assemblies, sports, and school elections. This is a new trend for high school annuals, but we believe that it is necessary if the book is to be complete.

The Bronco Staff would like to thank every faculty member and every student for the co-operation that you have given us. You have helped to make this one of the best years that Denton High School has ever experienced.

To the Seniors, who are leaving our school for the last time, we extend our congratulations, best wishes, and the hope that your years in Denton High will be invaluable in your future life.

We sincerely hope that you enjoy your Bronco.

MARCIA WELLS
Editor-in-Chief

Dedication

To you, Mrs. Smoot, we proudly dedicate the 1955 Bronco. We of the Bronco Staff think this is entirely fitting since you have tirelessly dedicated your time and efforts to the students of Denton High. A true teacher does not stop work when the school day is over, but continues to help all who need her. We couldn't begin to count the hours of "overtime" you have put in over the years.

As a former and long-time sponsor of the Bronco, you made possible the publication of a valuable part of every student's school year. Your untiring devotion to this task resulted in many annuals of outstanding quality.

Not only did you teach other people's children, but somehow you found time to rear your own family. You can be truly proud.

May the years to come smile gently on you, Mrs. Smoot, and may you continue to grace the halls of Denton High School, for without you a certain something would be missing which could never be replaced.

The ability to type will be beneficial in nearly any other class or any occupation students wish to follow. Here a typing class is practicing typing drills to music.

Commercial Arts

One of the most popular courses in Denton High School is Typing. There is nearly always a waiting list of students who want or need Typing. However, because of the limited number of typewriters and room space only about 200 students can be accommodated each year.

Other courses offered in the Commercial Arts curriculum are Shorthand, Stenography, Bookkeeping, and Secretarial Training.

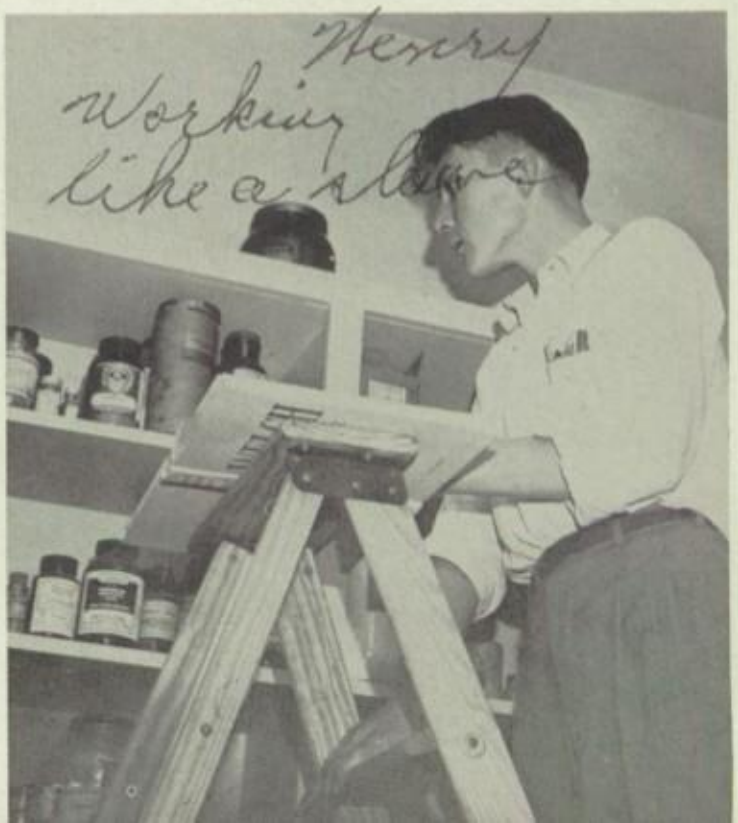
Science

The ways of the world are strange. The realm of science is even more strange. Although many advances have been made in science during the past several decades, only the surface has been scratched.

Students who are interested in science have an unlimited future in many fields. To some, their high school courses in Chemistry, Physics, and Biology will be good foundations for chosen careers in engineering, medicine, and research.



English students display creative talent through illustrating poetry by finger painting.

English

Command of the English language, both written and oral, is the goal of the Denton High English Department. The teachers strive to make the classes functional and interesting to all students.

Social Studies

A knowledge of the past, present, and future is essential to an understanding of this complex world in which we live.

The Denton High School Social Studies Department attempts to instill into its students the importance of being good citizens and accepting the responsibilities of a democratic government.

Courses offered are American History, Civics, Sociology, and Economics.

MISS JOANNA WELLS, JR.
B.S., M.S.; Health Education

All girls who graduate from Denton High School must have completed two semesters of Physical Education and two semesters of Health Education.

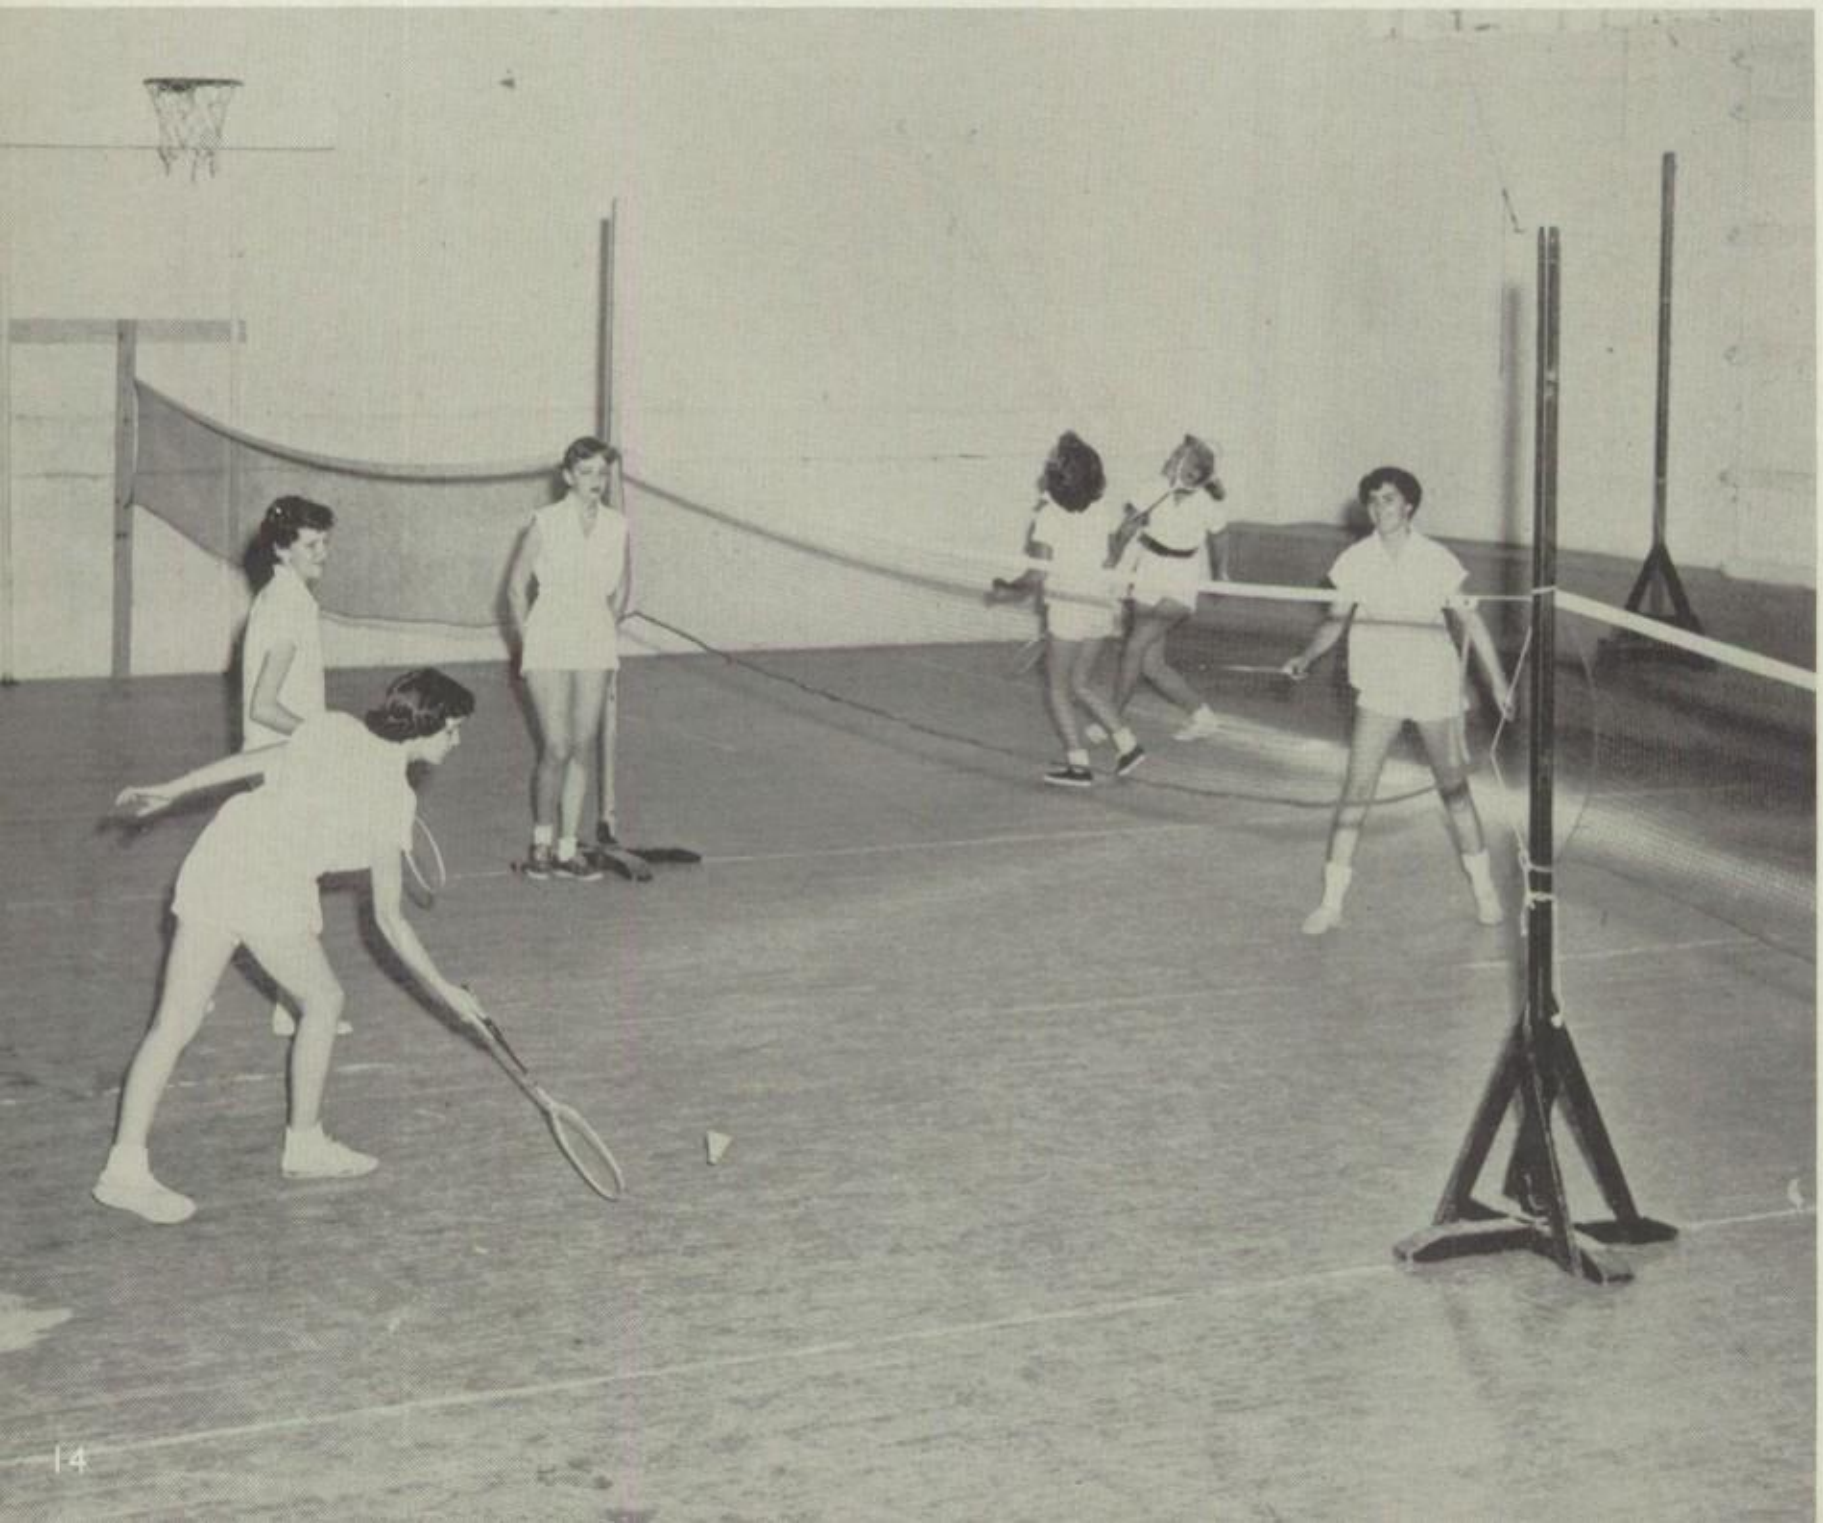
"P.E." is designed to teach the girls how to make better use of their leisure time through organized play activities and competitive sports.

"Health Ed." puts stress on taking care of the human body. Cleanliness, good grooming, and diet study come in for their share in the curriculum.

Field trips are integrated into the program to show Health Education students various hospitals, clinics, and city health programs.

Girls' Health and Physical Education

Some of the sports played in Physical Education classes are badminton, tennis, basketball, volleyball, and softball.



The same requirements are required for boys in Health and Physical Education as for girls. They must have two semesters of each. However, boys are allowed to count varsity sports as their credits in "P.E."

Boys' Health Education also deals with the care of the human body, its structure, and its care. Harmful effects of bad habits are studied to show their uselessness.

In Physical Education classes the boys compete against each other in body-building sports such as tag football, softball, basketball, and track and field events.

Speech

MRS. OPAL HALL
B.S., M.S.

Think how handicapped you would be if suddenly you became speechless. It would be difficult for you to express yourself and make your wishes known except by writing.

Realizing the importance of speaking, the Denton High Speech Department attempts to improve the speaking habits of students enrolled for Speech classes. This is done through confidence gained in public speaking, radio work, dramatics, corrective drills, and many other techniques.

The use of the mirror in correcting speech difficulties is often employed by students. They see the operation of the tongue against the palate and teeth and the formation of the lips for basic sounds.

Here a class is reading lines from a play soon to be dramatized by a Speech group.

Mathematics

Evidences of geometric patterns are everywhere. A person cannot pick up a magazine or newspaper without seeing some form of design. Displayed here before this group of Math students are some intricately designed paper plates made by plane geometry students.

From the ninth grade on through high school each student must answer the question of how much Math to take. To answer this question you need to know the importance of Mathematics in everyday living. Not a day passes that a person does not use Math in some form. Denton High offers one course in plane geometry, two algebra courses, trigonometry, solid geometry, and consumer's math.

Vocational Agriculture

One of the most vital and basic courses offered at Denton High School is Vocational Agriculture, the study of crops, grasses, livestock, and farm management.

In these classes the boys learn how to be men of the soil, the scientific and modern way. What was good enough for their fathers isn't good enough for them, for each new improvement means greater production and more economical management.

Take the grasses, for instance, in the picture below. By studying what grass is best adapted to the surrounding country and which is highest in nutritional value, the boys can better plan their own farms, pastures, and feeds.

It falls to the lot of the present generation to restore the land to its original fertility after it has been worn-out by poor farming practices.

The woodworking class in Industrial Arts is one of the most popular in the shop curriculum. Here some of the boys are working on individual projects.

Industrial Arts

Creating things with the hands gives a great deal of satisfaction to the individual. Watching things take shape from rough blocks of wood, metal, or leather is akin to the feeling a father has as he watches his son take shape and grow.

Courses offered in the Denton High Industrial Arts Department include mechanical drawing, crafts, and woodwork.

Boys taking the mechanical drawing courses have been well received by employers on summer vacation jobs. This course, taught by Mr. Jones, is one of the outstanding Industrial Arts programs offered in the state.

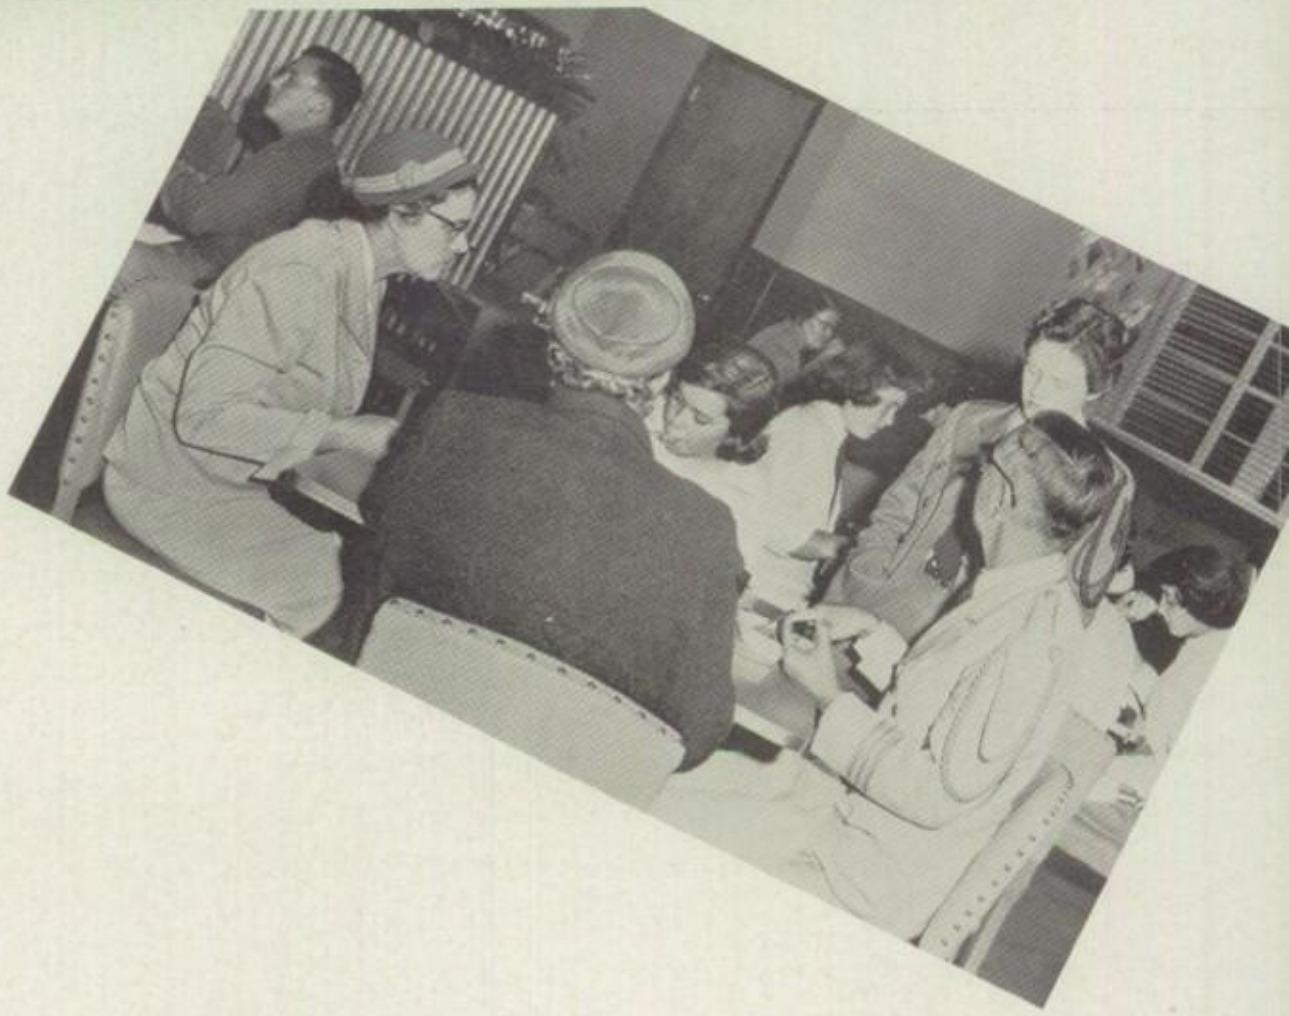
To be able to play in a band as good as the Denton High Bronco Band requires long hours of practice. Here Director Carroll McMath gives some pointers to the trumpet players.



Band member Sylvia Brummett talks over a serious problem here with Mr. "Mac" on one of the eating stops of a band trip.

CARROLL McMATH
B.S., M.Mus.

Band

Denton High has one of the finest marching and concert bands in the state. This year for the sixth consecutive year the Bronco Band won a first division rating at the regional marching contest in Wichita Falls, something no other AAA band has done.

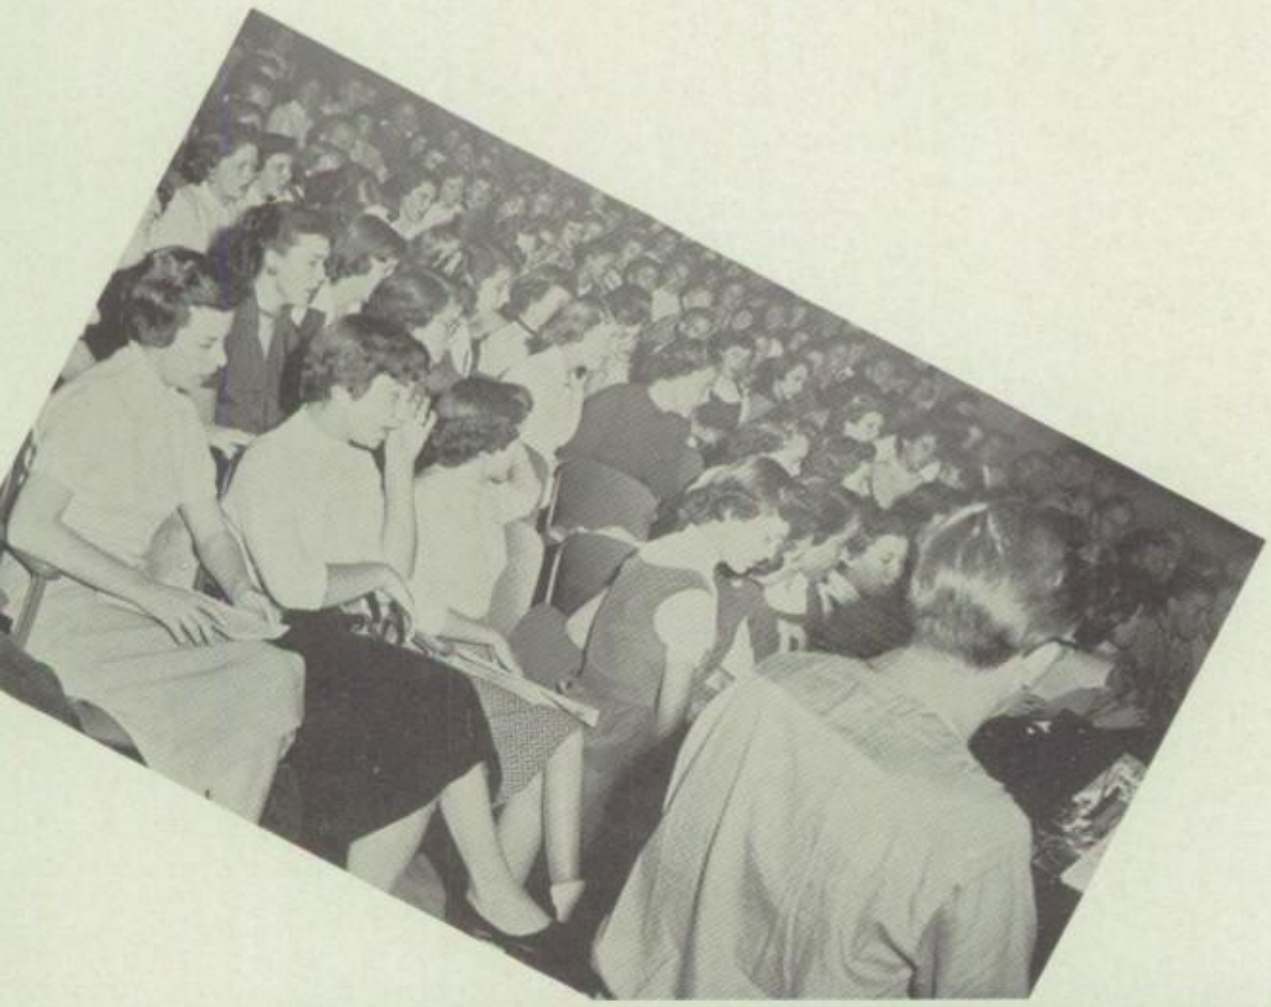
All of this does not come easy, though, as many hours are put in even before school starts in September. When the band participates during half-time activities at a football game you can sense the feeling of pride in all the Denton spectators as they watch the band performance.

Music

Featured in the Music Department curriculum is the A Cappella Choir, a singing group of some ninety voices, led by Mr. Jerry Jackson.

Students get training in group singing, individual performances, and all types of public performances. They work up programs for civic groups, school assemblies, and church services.

JERRY JACKSON
B.Mus., M.Mus.



During the fall the Denton High A Cappella Choir combined with the two junior high choirs to present a Christmas program.

Here George Becker, Sonny Hodges, and Mr. Jackson help Kathy Brown, Mary Jane Dickey, and Betty Sikes with their robes before going on with a program.

Homemaking

MRS. FRANCES BAKER
B.S., M.S.

MRS. VENITA YOUNG
B.S., M.A.

Girls and boys taking homemaking are taking out insurance in the future. They are insuring success in home life by knowing how a good home is managed.

In the sewing labs, the girls learn how to sew everything from the most intricate suit dress to the simplest apron pattern. Boys are also taught to sew their own shirts and, what is more important, buttons on their clothes.

Not only are students taught how to cook a good meal, but they are taught how to plan a well-balanced menu, correct table-setting, color schemes, table decorations, and how to shop for values.

Even the boys learn that certain touch which makes a good cook even better. Here Ginger Carlton takes an appraising sip of a sauce Richard Pittsinger is cooking, while Ralph Bullard mixes up his own concoction.

Attractive window displays mean a great deal in selling merchandise. Here Johnny Motheral and Helen Coulter dress a men's window as Carol Willis and Jeff Jones give advice.

Pointing out the essential qualities of a good sales person is Mr. Homer Bronstad, Distributive Education Co-ordinator. At the right are D.E. students, Barbara Brown and DeWayne Taylor.

HOMER BRONSTAD
B.A., M.Ed.

Distributive Education

The Distributive Education program is designed so that students interested in going into the field of distribution of goods and services may get actual on-the-job training while they are attending high school.

Students go to school half a day, taking their regular required subjects, and work at jobs downtown during the other half of the day, earning pay for service performed.

The use of Spanish records helps a great deal in teaching students the correct pronunciation of Spanish words, sentences, and terms.

Spanish

MRS. BETTY BOYD
B.A.

A good understanding of Spanish is particularly important here in Texas, since our next-door neighbor, Mexico, is a Spanish-speaking country. Also, Spanish is the mother tongue of all the other Latin-American countries.

Two years of Spanish are offered at Denton High. During this time the students study not only the language, but how the Spanish-speaking people live, dress, and act.

Students also write to other students in Spanish-speaking countries and compare notes on both countries.

To be able to study French successfully, the student has to "think French" and get into the mood, so to speak. This is done by pictures of French places, planning meals in French, and talking it every opportunity.

French

Two years of French are offered in Denton High School. This may be counted as part of the college requirement in foreign language if the student desires.

As boundaries of the countries of the world are coming closer together, it behooves the people of the world to have better understanding of their neighbors. By studying their languages, customs, history, etc., they can better arrive at this understanding.

Too, French ranks with English and Spanish in being understood and spoken all over the world. A command of the French language will insure a traveler of being understood, no matter where he may roam.

MRS. VIRGINIA BLAIR
B.A., M.A.

CHARLES WILSON
B.S., M.Ed.

Journalism

Wherever you find democracy and enlightened people you will find newspapers and the study of Journalism. Ever since it was first used in England almost three centuries ago, the word *newspaper* has distinguished that publication from other periodicals as one whose primary purpose is the printing of news.

So also the school newspaper holds its position in the realm of student publications because its chief characteristic is the coverage of news of the school.

The Denton High Horseshoe has made a name for itself among student newspapers all over the nation as it has consistently been rated among the top school publications. Merits awarded the paper are displayed here in the Journalism room.

One of the most fascinating jobs connected with publishing a newspaper is making it up over at the print shop. Here page editors help the make-up man stick corrections for an issue of the Horseshoe.

These lovely, Roman lassies show how seriously the Denton High Latin students take their course. Several times during the year the Latin Department sponsors a Roman party to which all the students come dressed as early Romans. Shown here are Kay Grafa, Marsha Miller, Joanne Macey (seated), and Sally Hannah.

Latin

Realizing the importance of Latin, the mother tongue of many different languages, approximately eighty Denton High students took Latin this year. This is the largest number to enroll for this course since it became an elective and not a required course.

Perhaps the reason for this phenomenal growth in enrollment is the instructor, Mrs. Kay Hanley, who believes that Latin can be fun and has proven it to her many students.

Well over half of our English words are derived directly or indirectly from Latin root words. This makes the study of the so-called "dead" language all the more important in understanding English.

MRS. KAY HANLEY
B.A., M.A.

DOYLE CHRISMAN
B.S., M.S.

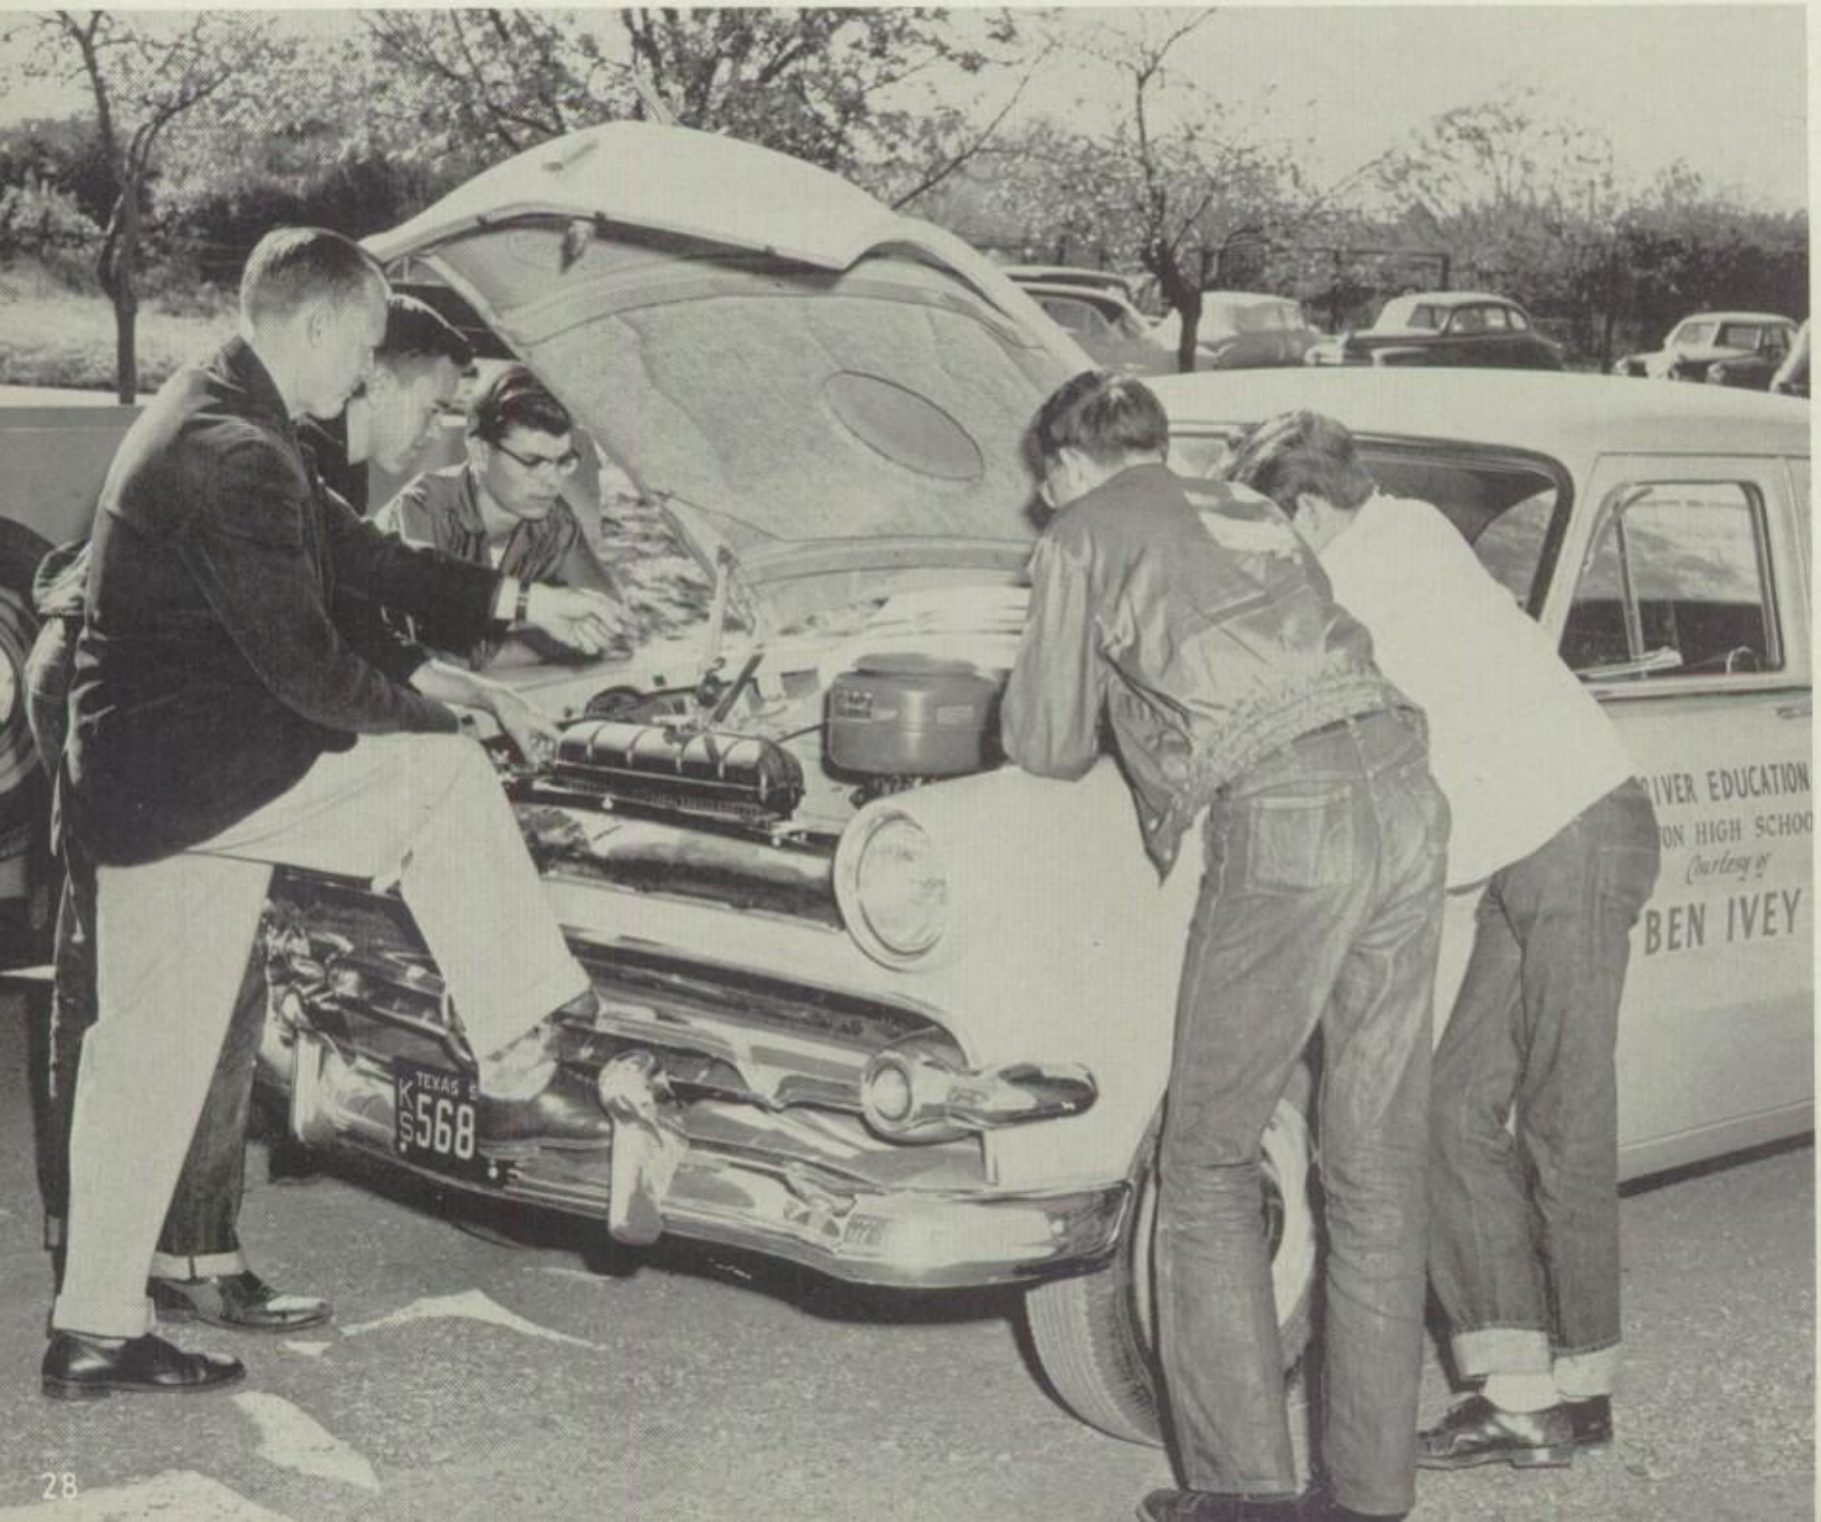
Driver Education

Realizing the importance of safe driving Denton High School offers a course in Driver Education and Safety Education to the beginning driver.

The first semester of the year-long course is spent studying safety rules of the road and traffic problems. During their second semester each student learns the proper way to handle a car under the supervision of trained personnel. A local dealer furnishes the school with a dual-control car so that the instructor can take over if the neophyte driver gets into a traffic situation that he cannot handle.

Students take both the written test and driving test from a highway patrolman. As a general rule graduates of this course have a far better safety record than those who learn to drive by the hit-or-miss process.

Driver Training Instructor Doyle Chrisman points out the different parts of the car's engine to driving students. A good driver should know how to take care of his car as well as know how to drive it properly.



Students are instructed as to the proper procedure to use in checking out books and magazines. They learn the use of the card catalog as well as where to find books on the shelves.

Library

One of the most important parts of a good high school is the Library. Here students can come to find reference material for all their other classes, good books for their leisure reading, and periodicals such as magazines, newspapers, and pamphlets.

The Library subscribes to a wide selection of magazines which meet the need and reading interest of most of the high school students. It also subscribes to three daily newspapers.

Current novels and non-fiction books are bought each year to keep the Library modern and up-to-date. Some of the teachers and students also donate books to the Library from their own personal library. Each contribution or addition means that many more hours of enjoyable reading for some student.

Homecoming this year was a huge success. A bonfire ceremony climaxed the pep rally held the night before homecoming with "Prof" Calhoun's paddle coming to a sad end after many years of furnishing "heat" to countless students. It was burned amid cheers from the student body and tears from "Prof."

One of the best entries in the Homecoming parade was this Roman chariot sponsored by the Latin classes. Thoroughly enjoying themselves in the vehicle are Jim Barber and Tommy Spillman. Not too happy at having to pull the load are the two steeds, Dan Hinkle and Joe Honaker.

Beverly Gross looks on in amazement at the cavernous opening in Mr. Wilson's face as he takes a bite (?) of hamburger. Bronco staff members nearly ate Mr. Wilson out of house and home as they consumed nearly forty hamburgers, a case of cokes, and two huge cakes. Here Carol Cross is talking as usual while Lynn McClurkan is awaiting her turn. Nancy Howard and Karen Wilson are absorbed in food and Maxine Massey is flirting with Mr. Wilson's little boy.

Organizations

The hours were long and sometimes tempers were short as the annual staff struggled to meet last-minute deadlines. Yet there was something driving them on to put out an annual of which the school and community could be proud.

Some people might think it trite to say that printer's ink can get into the blood, but some of the Journalism students working on the Horseshoe have felt some kind of organic change taking place in their bodies. Maybe it's ink, maybe not.

At any rate, the editors feel a little closer to the newspaper game after helping to publish the Horseshoe for a year.

Some of them plan to follow through and go into Journalism as a profession.

The Horseshoe is the laboratory project of the Denton High Journalism classes and is published bi-weekly at the North Texas State College Print Shop.

A few days before the deadline for the next paper student reporters can be seen rushing frantically around school trying to collect last-minute data for the Horseshoe.

On Thursday when the paper comes out the staff usually takes a breather and reads the paper over again from front to back, even though they have read it many times in correcting copy, galley proofs, and page proofs.

Of course, some wise guy always finds a mistake, but then it wouldn't be a newspaper without mistakes, would it?

Student Council Acted Host to State Convention

This year it was the privilege and pleasure of the Student Council to serve as the host school for the Texas Association of Student Councils convention. The convention, which was held March 24-26, was the outstanding project of the entire year.

Work was begun on the plans during the summer and by the time March rolled around, every student in Denton High had helped in some way to make the meeting a success. Entering into the spirit of the convention, the town of Denton helped to make the delegates feel at home.

All of the time of the Council was not devoted to convention plans, though. The biggest homecoming of many years was sponsored by this group, with the parade the highlight of the day's activities. Another outstanding project of the year was the compilation and distribution of student directories to the entire student body.

Carrying the brunt of the load of the Student Council this year were these workers. Distributive Education Club

This club, consisting of juniors and seniors, is made up of the students in the distributive education classes of Denton High School. These students, while they learn in the field of distribution and retailing of goods and service, also earn that most wanted and needed green stuff—money.

In the mornings, distributive education students attend regular classes, including one in D.E. taught by Mr. Homer Bronstad, and participate in many other school activities. In the afternoons, students work at jobs downtown in various service and retail stores.

Distributive Education Club periods are usually devoted to programs that demonstrate various situations with which the students come in contact. These demonstrations often help the students solve the problems they may have on the job.

Pep Club Girls Furnished Extra Spa

"D.H.S., Yell It!" As the cheerleaders start their yell the members of the Pep Club shout loud and long to let the team know that they're behind them all the way.

This year the Pep Club began the football season with much vim and vigor. Each and every game the members showed up in their colorful uniforms of purple corduroy jumpers and white blouses. Beginning a new trend for the Pep Club in Denton High, these jumpers have proved to be serviceable as well as decorative.

The main purpose of the club is to support the athletic teams and to encourage school spirit in Denton High School. These girls have done much to encourage the teams by their spirited yelling. Even though sore throats and frozen feet are often acquired at the games, the Pep Club girls continue to back the Broncos in every way.

It also lends its services to the social side of an athlete's life. This year a banquet was given for members of the athletic department, their dates, Pep Club members, and their dates.

Extracurricular Activities Program

Mr. Jerry Jackson helped organize the Pep Club this year and acted as club sponsor. Approximately ninety girls joined the organization and showed their loyalty to Denton High School by wearing the "D" to all sports events during the year.

In short, these girls set a pattern which may grow into a tradition for many years to come.

ecorating, Selecting New Furnishings

Highlighting the year's activities in the Homemaking Club was the furnishing of the living room in the new homemaking wing. The girls chose the furniture, color scheme, rug, and curtains. In planning this model room, the girls got good experience in the art of decorating as well as learning how to budget their money to get the best bargains.

It is the purpose of the Future Homemakers of America to advance the interest in homemaking and to emphasize the importance of being prepared for their life in the future.

This year the F.H.A. members made a field trip to the State Fair on F.H.A. day to observe the many exhibits demonstrating advances made in the field of homemaking. Other activities included a hayride and a Christmas program followed by a dance.

Under the able direction of Mrs. Frances Baker the club achieved a total membership of ninety. New members were initiated during National F.H.A. Week. This year they sent delegates to the Texas Association meeting in Galveston. The Denton chapter is a member of the state, national, and local area, composed of 18 surrounding counties.

Hi-Lite Club Promo

The Hi-Lite Club was organized to promote friendliness and more social and service activities. Mrs. Cecile Bell McKelvey, advisor, has helped make the Hi-Lite Club one of the most successful in school. The club has over 100 members, all female.

The main theme of the Hi-Lite girls is friendliness. Every year they give a get-acquainted "tea" for newcomers to Denton High School. The tea helps the students become better acquainted, as well as providing entertainment and refreshments. The club also gives cheerbaskets to needy families at Christmas and Thanksgiving.

Denton High Future Farmers of America Lea

A man's work is never done, and this is particularly true of the farmers of our country. These citizens play a major role in the molding of our civilization, for it is their responsibility and concern to feed and clothe the people of the world.

The Future Farmers of America is an organization designed to give high school boys the best possible training and experience for their chosen occupation. It is also set up to provide social and recreational experiences for the boys.

Annual rodeos are sponsored by the F.F.A. boys and the boys do all the riding, roping, clowning, and managing of the affair. Livestock shows are also a part of their training. They must be able to distinguish a good animal from an average or poor one. Highlighting their recreational year are overnight fishing trips to their camp on Lake Texoma.

A characteristic of these "ag" boys is that when they work, they work hard, and when they play, they play hard.

First row: Edward Jones, Bobby Goin, Burl Arrington, Donald McLeod, Jo Harold Prewitt, James Carlton, John Smith, James Charles. test Agricultural, Husbandry Techniques

Spearheading the Denton High Chapter of the Future Farmers of America are these officers. Mr. H. D. Roberts, Advisor; Gwen Hunter, Chapter Sweetheart; Ernest Calvert, President; Melvin Haisler, Vice President. Standing: Donald McLeod, Second Vice President; John Smith, Reporter; Robert Edwards, Treasurer; Jo Harold Prewitt, Secretary.

Officers of the Denton High chapter of the Future Teachers Association are Joe Davis, Vice President; Miss Eulah McElroy, Advisor; Ginger Carlton, Secretary; and Mary Jo Newberg, President.

Future Teachers Association

To give of your time, knowledge, and talents in order to educate others is one of the most unselfish, yet self-satisfying, occupations a person could follow.

Although students sometimes criticize their teachers during their school life, in later years they remember them with the utmost respect.

Training for such a position cannot begin too early in a person's life. A few years ago Miss Eulah McElroy organized the Denton High chapter of the Future Teachers Association. The chapter is growing and showing much improvement. Students are given advice as to what particular field of teaching they should choose, and to what college they should go for specific training.

First row: Barbara Oliver, Margie Holbrook, Marion Dean, Mary Ann Haisler, Oleta McNary, Ginger Carlton, Rosemary Fielder, Marolyn Patterson. Second row: Imogene Owens, Mary Jo Newberg, Helen Machart, Joe Davis, Bailey Hulse, Eula Bell Enlow, Ann Harris, Barbara Jones.

Reading Interests Library Club Members

"Just give me a good book, a comfortable chair, and a snack and I'm set for the evening," might be the feeling of most of the members of the Library Club.

This club is a branch of the Teen-Age Library Association. The members of this club also belong to the Teen-Age Book Club, which enables them to obtain good books at lower rates.

Girls in this organization assist Mrs. Helen Swenson, librarian, during the day. They make attractive displays which help stimulate student interest in the library.

Serving as library assistants, these students learn the arrangement of books on the shelves, how to care for them, and checking-out procedures.

Exploring the delightful realm of books are the officers and advisor of the Library Club: Mrs. Helen Swenson, Advisor; Jean Hicks, Vice President; Allene Wood, Secretary-Treasurer; Sandra Willingham, President.

First row: Pat Woolsey, Marolyn Patterson, Marijo Roach, Jane Shands, Jean Carrington, Mary Lou Moore, Karen Wilson, Carol Cross. Individual Events Attract Forensic Club Members

Mary Margaret McBryde, Treasurer; Marijo Roach, Treasurer; Jo Ann Roberson, First Vice President; Hinkle Worthey, President; Ralph Adams, Business Manager; Wynna Lou Olmon, Secretary; Charles LaGrone, Second Vice President.

An invaluable experience gained in Forensic Club work is the poise and self-confidence gained by the members through speaking before groups.

Members of the club usually go on several out-of-town trips to participate in speech tournaments. Mrs. Opal Hall sponsors the club.

Dramatics Club

Forming the steering committee of the ever-busy Dramatics Club are these officers. Seated: Shirley Stephens, Program Chairman; Sylvia Fletcher, Secretary; Maxine Massey, Social Chairman; Mary Lou Moore, Reporter. Standing: David Boles, President; Darlene Hansen, First Vice President; Carolyn Kirkpatrick, Second Vice President; Carol Cross, Third Vice President; Robert Clark, Treasurer.

Ever need an assembly program worked up with only a day's notice? These students in the Dramatics Club, under the direction of Mrs. Opal Hall, are ready to don grease paint and costumes at the drop of a hat. Most of the plays and dramas they have worked up have been student directed. Giving the participants a chance to stand on their own feet and take the complete responsibility of producing a play gives them a feeling of confidence in their own ability, as well as bringing out quite a bit of "hidden" talent.

First row: Shera Lynn Hodges, Diane Williams, Joanne Macey, Marijo Roach, Linda Roberts, Wynna Lou Olmon, Jane Shands, Carolyn Kirkpatrick. Second row: Mary Lou Moore, Jean Carrington, Sylvia Fletcher, Dorothy Jo Downey, Nancy Howard, Sylvia Brummett, Anne Barnett, Pat Woolsey, Hattie Jean Miller. Speech Club

Reading over scripts in class are officers of the Speech Club; Serena Whitlock, President; Lou Suddath, First Vice President; Quetha Jo Bell, Reporter; Rosemary Lockhart, Second Vice President; Alice Blocker, Treasurer; Martha Doyle, Secretary.

Upon first entering the speech room on the third floor, the casual observer might get the impression of a mad confusion. But upon closer observation he would learn that it is only the speech club learning various methods for improving their speaking voices. Speech students have fun as they learn, thereby making the learning process more functional.

First row: Jo Bell, Linda Spalding, Rosemary Lockhart, Sylvia Jameson, Alice Blocker, Julia Sams. Second row: Gene Qualls, Peggy Sutherland, Susie Boyles, Martha Doyle, Carol Shirley, Vonda Dupree. Third row: Marie Hatridge, Serena Whitlock, Carolyn Oliver, Bailey Hulse, Allene Wood, Ruth Ratliff.

Radio Workshop Players

Members of the Radio Workshop Players have as their major project the production and transcription of radio broadcasts. Each week they produce a 15-minute transcription which is broadcast over KDNT, the local radio station. Sometimes it takes hours of cutting the tape, erasing, doing re-takes, and editing before the final tape is ready to be aired. You may be sure that what finally goes out over the air is something of which the school and community can be proud.

Practicing on the tape recorder are the officers of the Radio Workshop Players—Seated: Kathy Brown, President; Jerry McCombs, Secretary-Treasurer; Charles Dougherty, First Vice President. Standing: Jack Ewan, Reporter; Jo Nell Bothwell, Second Vice President; Ray Toombs, Business Manager; Mrs. Opal Hall, Advisor.

Varsity Lettermen Compose the "D" Club

Yes, those boys in the picture above earned every one of the letter jackets they are wearing. Denton High's "D" Club is composed of varsity lettermen in football, basketball, baseball, track, tennis, and golf. Although the club is not a school-sponsored organization, it does many worthwhile projects for the school, as well as providing extra social activities for the boys.

One of the highlights of their club year is the initiation of new members. Pledges desiring to get into the club spend several hectic days running errands for the old members, wearing ridiculous costumes, and doing odd things upon the command of a member.

"D" Club officers are: James Cogdell, President; Bill Carrico, Vice President; Durwood Knight, Treasurer; Bill Cogdell, Secretary.

Officers of the Key Club are Don Lipscomb, Treasurer; Dan Hinkle, Secretary; Mr. Doyle Chrisman, Advisor; Bill Hinkle, President; David Flyr, Vice President.

Service Is Key Club Project

To become good citizens for tomorrow should be one of the primary purposes of each young person's life. This requires training just as in any worthwhile occupation.

Training young men for their place in the community is a gratifying job. Kiwanis International realized this and took the responsibility of leading and teaching the youth of the world to make their land a better place in which to live.

Key Club members meet once each month with the local Kiwanians. During the year, the Key Club presents programs to the Kiwanis Club to demonstrate that they are well on their way to becoming the leaders of tomorrow.

Girls' Athletic Association

Realizing the need for a more organized program of girls' athletics, a group of Denton High School girls took things into their own hands and organized the Girls' Athletic Association this year.

For a new club it met with tremendous success, boasting a membership of over fifty girls who were all interested in girls' athletics and sports. Games and tournaments in various sports were held to give the weaker (?) sex a chance to demonstrate their prowess.

Instrumental in organizing the Girls' Athletic Association were these officers: Dorothy Gillaspia, Secretary-Treasurer; Karen Austin, Reporter; Gussie Caldwell, Vice President; Ann Harris, President; Mrs. Frances Melton, Advisor.

Lettermen Association

This club, which was also organized this year, includes all students who have lettered in any sport during the year, boys and girls alike. The main purposes of the club are to promote closer relationship between lettermen in the various sports and to encourage more students to take part in any or all athletics.

There are no dues or initiation "rites" to go through to belong to the Lettermen Association. If a boy or girl has lettered in a sport in Denton High School he or she is automatically a member.

Mr. Cecil Martin, the sponsor of the club, states that being in the Lettermen Association actually puts a premium on being a letterman.

Heading the Lettermen Association are Bill Carrico, Vice President; Mr. Cecil Martin, Advisor; Bill Cogdell, President.

Junior Classical League Membersh

"Making Latin fun" by learning through the use of games are these officers of the Junior Classical League: Dan Hinkle, President; Mrs. Kay Hanley, Advisor; Rowena Fielder, Vice President; Jo Bell, Reporter; Nancy Marlow, Secretary.

Quite a few students have learned that even a "dead" language can be fun. Mrs. Kay Hanley, Latin instructor, has introduced many unique ideas into her methods of teaching Latin.

First row: Justine Boozman, Shera Lynn Hodges, Joanne Macey, Betti Tigert, Daisy Evelyn Crocker, Martha Bickley. Second row: Evelyn Trietsch, Mary Reeves, Mary Ann Haisler, Beverly Davis, Shirley Stephens, Marcia Wells, Wanda Gillespie. Fourth row: Joe Honaker, Max Simmons, Dan Hinkle, Teddy Ballinger, David Flyr, Siler Faulkner, Mitchell Wells, Albert Wyss.

Composed of Latin Class Members

The Junior Classical League is a newly organized club in Denton High School, although it is an old and famous one. The League is international in scope and is the largest foreign language club in the world. Only students taking Latin or Greek may belong to it.

Many activities were sponsored by the Junior Classical League during the year. The birthday of Julius Caesar was celebrated this year in October with a supper followed by a show party. In the spring the annual picnic during the Ides of March was celebrated. A Latin float was launched in the Homecoming parade.

An activity all Latin students enjoyed participating in was the singing of Christmas carols during the week preceding the Christmas holidays. These songs were sung in Latin and the students were accompanied by an organ borrowed for the occasion. The Latins also memorized and repeated several yells and songs in assembly during the year.

Mrs. Kay Hanley, advisor, reported that 80 students took Latin this year compared to 10 in last year's classes.

ecord Number of "Gentlemen and Scholars."

The National Honor Society is a select group of students who have shown evidence of their scholarship, leadership, service, and character during their high school careers. Prospective members are screened and recommended by faculty members who have come in contact with them as individuals.

This year approximately fifty members met the necessary requirements and were initiated into the organization. This meant that about one-fourth of the senior class were honor sudents.

An impressive candle-light ceremony makes each new member realize the significance of the organization of which he is becoming a part. Members are initiated into the Honor Society at the end of their junior year in high school. This gives them a full year more during which they strive to live up to the high standards set up by their charter.

Meetings are held the first Tuesday of each month during the noon hour in the Library. Members have lunch together and during the latter part of the meeting programs and speakers of varied interest are presented.

First row: David Flyr, Roddy Rylander, George Nuckels, Penny Messinger, Rita Moorman, Gorlyn Bronstad, John Mark Fletcher, Max Sullivan. Varied Interests Make Up Science Club

Members of this club have varied interests in the field of science and most of them intend to carry on their interests to the extent of making it a career. By working closely with class interests and projects, many students of this club have won high awarded for their achievements. These winners and their awards often encourage others to attempt to "discover" or "invent" new methods in the field of science.

During the year members of the Science Club have an opportunity to meet with other Texas high school chemists, biologists, and physicists at the annual science meetings. Also, at the national meetings, our science students become acquainted with other teenagers from all over the United States who are interested in scientific achievements.

Denton High A Cappella Choir

Upholding the tradition of fine choirs in Denton High, this year's A Cappella Choir gave numerous outstanding performances. In the fall the choir participated in the Music Day Festival at the Texas State Fair. At Christmas the choir sang the Messiah with the First Methodist Church choir. Other outstanding choir activities included the music workshop at Texas Christian University, Interscholastic League contest in the spring, and the annual spring concert.

th Consecutive First Division

One of the highlights of the year was the overnight trip to Paris to play during the halftime of the Paris-Denton football game. Because of the distance (120 miles) this was the first time the members of the Bronco Band had ever played before the Paris fans.

Other features which went toward making a full year were those early morning practice sessions before school. Some of the band members were still a little groggy when they reported for duty, but, nevertheless, they showed up.

A banquet was held during January, honoring the squad having the best record. Sergeant Barbara Hayes' squad was the winner.

ean Year, Win Two, Lose Eight

Lack of experience, depth, and injuries to key players hurt the Broncos throughout the first half of the football season this year. After the injuries had healed and some experience had been gained, the Hosses faired pretty well by winning two of the last four games and losing the other two to the top teams in District 3AAA, Sherman and Paris.

Arlington's Colts were bent on revenge this year as they trampled the Denton Broncos, 27-0, a reversal of last year's outcome. In the game played September 17 the Colts showed a surprisingly strong attack on their home field while the Broncos just couldn't get going. Bill Carrico led the Broncos in ball carrying and was also strong on defense. Freddy Cogdell showed up well in the backfield. Above, James Shelton (62) and Billy Grissom (32) cut down an Arlington runner.

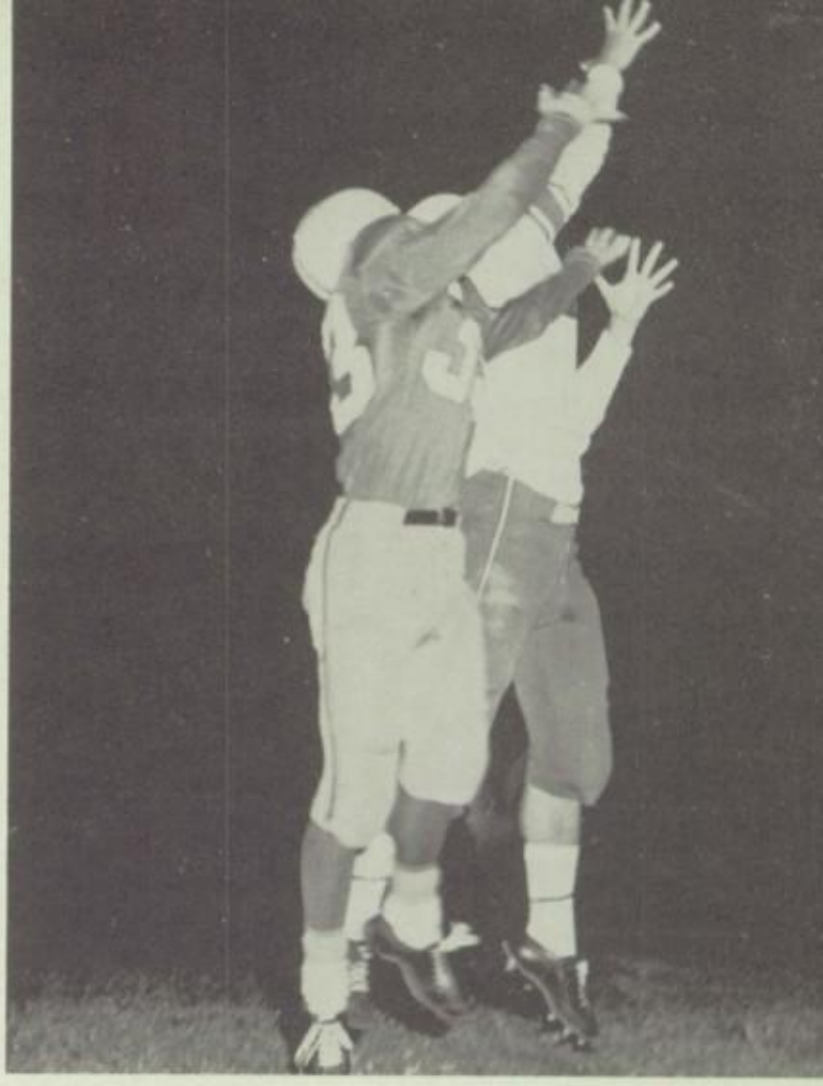
September 24 the Hosses fell before Garland, the ninth-ranked team in the state, to the tune of 30-6. Garland struck first, but the Broncos came back to knot it. After that the Hosses couldn't keep up with the power-laden Owls as they poured on the steam. The whole Bronco line showed vast improvement, although they couldn't hold the Owls. Bill Cogdell tallied the Hosses' only score on a one-yard plunge. Here Bill Carrico (60) smashes off tackle as Charles Strickland (61) and Durwood Knight (39) open a hole.

Broncos Lost First Seven Gam

Grand Prairie's Gophers dealt the Broncos their third defeat of the season as they took a 19-0 decision on muddy Bronco field, October 1. This game marked the return of ailing James Cogdell to the line and he showed up well along with the rest of the line. Thomas Sims, sophomore fullback, who replaced the injured Bill Carrico, also turned in a good job on both offense and defense. Below Sims 29) and Fred Cogdell (33) scramble for a fumble.

The Broncos looked better October 7 as they played Ft. Worth Tech on Farrington Field in Ft. Worth. Tech scored first on a 90-yard punt return. They kicked the extra point and led 7-0. The Hosses came back as Freddy Cogdell went over from two yards out and Durwood Knight kicked the extra point. Tech covered a Bronco bobble as it rolled into the end zone to go ahead 13-7. The Broncos scored again on a 44-yard pass from Billy Cogdell to Tommy Joe Knight, but the play was called back for holding. That ended the scoring. Below Bobby Judkins (51) skirts end after receiving a handoff from B. Cogdell (44).

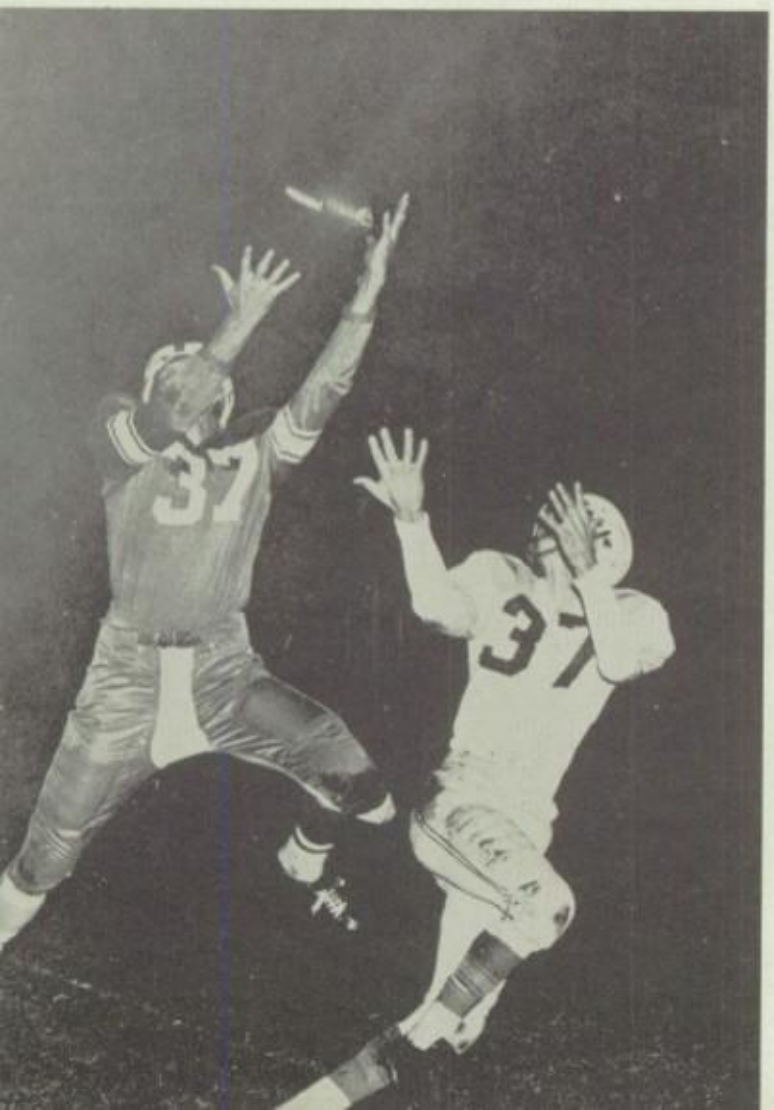
Denton outplayed Denison all over the field on October 22 but just couldn't score as they fell to the Yellowjackets, 12-0. The Hosses ventured inside the Denison five-yard line three times. Jim Adams connected on 10 of 16 pass attempts for 163 yards and the Broncos' junior-led backfield rolled up 112 yards rushing. Denison could manage only 174 yards rushing and none passing. Above Billy Grissom (32) goes through a quick-opener as he is helped by Thomas Sims (29) and J. B. Fincher (65).



The Broncos played to a scoreless first half with the Gainesville Leopards here October 15 but couldn't hold on as Gainesville scored four times in the last half to win, 26-2. The Hosses' only score came when the Bronco lines trapped the Leopards' quarterback in his own end zone for a safety. James Cogdell played especially well for the Broncos. Here defensive fullback, Freddy Cogdell (33), goes up to knock down a pass attempt.

efore Winning Two

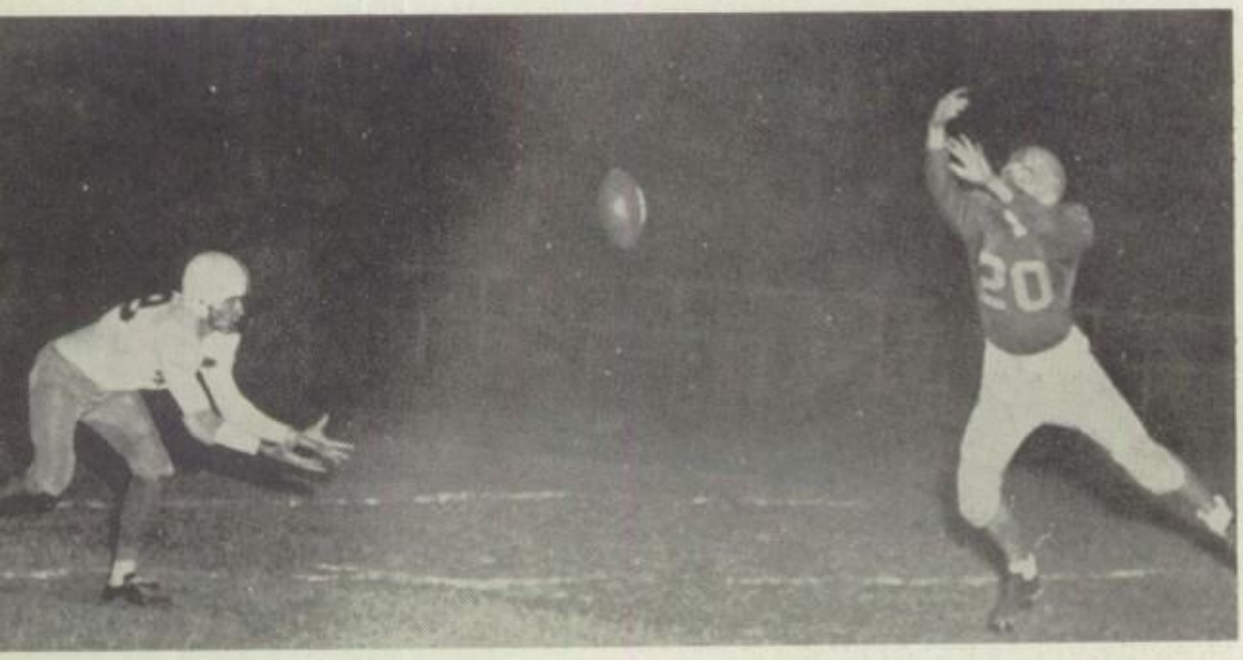
After a week's layoff the Broncos played their finest game so far this year as they held Paris to a 26-18 win. Jim Adams' aerials led the Broncos as they scored two TDs passing and one running. Adams' passes were to James Shelton and Tommy Joe Knight. Freddy Cogdell scored the last tally on a one-yard plunge. Paris' Larry Click led the Wildcats in their final touchdown with only 31 seconds left in the game. Below Lafayette Newland, right, gets a pass stolen from him.



Denton notched victory number one November 12 by defeating Greenville 12-0. James Cogdell intercepted a Lion pass in the first quarter and raced for a score, but it was called back for a holding penalty. It was the fourth quarter before the Broncos could score again, but they scored twice—one a pass from Lafayette Newland to Tommy Joe Knight and once on a 10-yard dash by Newland. Below Newland (37) follows the interference of Freddy Cogdell (33) and Billy Cogdell (44).

Now isn't that sweet? Lafayette Newland (37) and Garland's number 3 affectionately(?) hold hands as they run down the field. From the look in their eyes, though, this budding romance is about to break up.

Hard luck hit the Broncos early this year as all three tri-captains didn't play together until the Paris game. At least one was injured up until this time.



The Hosses made it two victories in a row November 19 at McKinney as they stopped the Lions, 6-0. Jim Adams tossed a 49-yard pass to Tommy Joe Knight for the only score of the game. The Bronco line turned in fine play as they stopped McKinney on the one-foot line on one occasion and held the Lions' ground game in check all night. At the left Knight (48) waits for the touchdown pass from Adams.

On Thanksgiving day, November 25, the Broncos fell before district champion Sherman, 32-12. The power-laden Bearcats took advantage of being on their home field and jumped to a 13-0 advantage at the helf. In the second half Jim Adams hit James Shelton and Thomas Black for scores. In the meantime, however, Sherman scored three more times to make the final score 32-12. James Cogdell, Adams, Bill Carrico, and Freddy Cogdell turned in excellent work for the Broncos. At right James Shelton (62) snares an aerial from the hands of a Sherman defender.

Pony Squad Wins Three, Loses Four

Headed by Coach Doyle Chrisman, this year's sophomore-led Pony team rolled to an average season and gained some much-needed experience for next year's varsity squad.

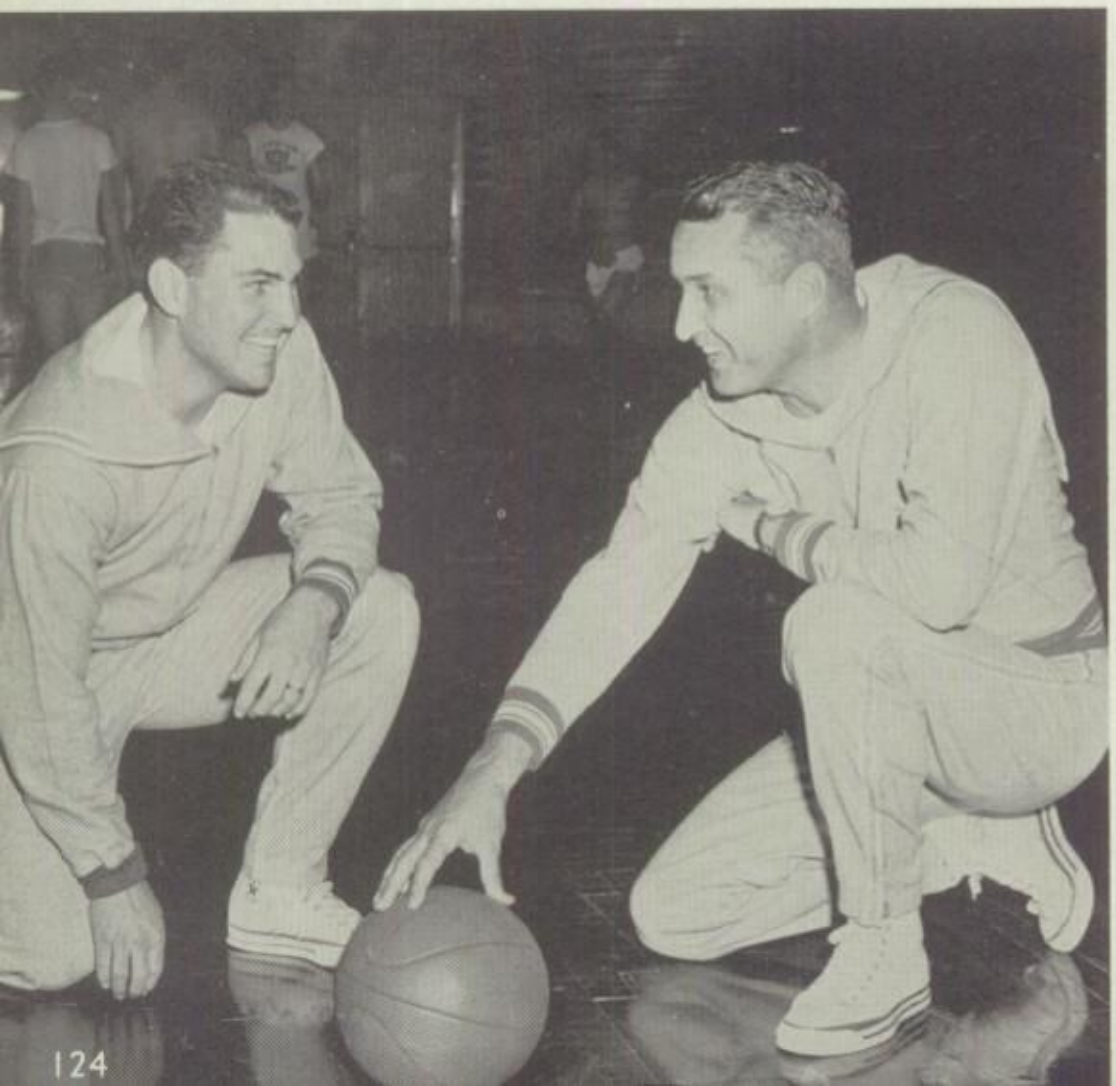
With the exception of Pleasant Grove the Ponies attempted to play the same schedule as the varsity squad. This practice gave the junior team a chance to become acquainted with the same type of offense and defense which they probably will be against when they move up to the senior or varsity squad.

Two guys who did a swell job of keeping the boys in clean uniforms and doing the thousand and one jobs connected with a football team were Dickie Taliaferro and Bob White.

Kneeling: Jim Adams, James Shelton, Ivan Dewbre, Charles Strickland, Bill Hinkle. Standing: Billy Reed, Thomas Black, James Higgs, Harold Blankemeyer, Bill Carrico, Jan Smith, Lafayette Newland.

Broncos Hit Snag in District Play

Bill Skipping, student teacher from North Texas State College, assisted Head Coach Oran Spears in tutoring the Pony and Varsity squads.



The Broncos rolled through their pre-district contests with only four setbacks. During this time they won the Northwest Tournament, placed third in the Denison Tournament, and lost to Birdville, the winner of the North Texas Tournament.

Stunned by two consecutive one-point losses in opening district play, the Broncos couldn't right themselves in time to win the championship. In fact, their only district win during the first round of play was over cellar-dwelling McKinney.

The Pony squad, made up of six sophomores and three juniors, furnished a training ground for next year's varsity team. Their schedule was the same as that of the senior squad, thereby letting them get acquainted with some of the same boys and teams which they will face when they move up to the varsity squad. Coach Cecil Martin, who piloted the Pony squad to an undefeated season last year, took over the head football coach job, leaving the assistant basketball coaching chore vacant. Bill Skipping, student teacher, stepped in and ably filled the job.

Managers Norris Ruff, Mitchell Wells, and Wayne Lasater wash a batch of dirty uniforms and towels for the basketball team.

PARIS—35 DENTON—34

The Paris Wildcats handed the Broncos a 35-34 setback in the first district contest of the season. The game was a thriller all the way as the lead changed several times and never was more than eight points. The game was marked by sterling defensive play on the part of both teams.

Here Lafayette Newland (10) and James Shelton (41) wait for a rebound.

GAINESVILLE—77 DENTON—76

The second district contest was almost a repeat performance as the Broncos again fell by one point. This time the loss was to the Gainesville Leopards by a 77-76 score. This game was a hot offensive battle and very close all the way. Gainesville sank a free throw in the last five seconds to provide the winning margin.

Lafayette Newland (10) does an easy push-up shot.

DENISON—61 DENTON—52

The Broncos journeyed to Denison to meet the Yellowjackets during the first round of play. This, too, proved to be a thriller as the Hosses led at the end of the first quarter, 15-13, but fell behind 27-20, at halftime. The third quarter found the Broncos behind by only one point; but the final score read 61-52 in favor of Denison.

Here Ivan Dewbre (43) shoots a jump shot as Lafayette Newland (10) and James Shelton (41) wait for a rebound.

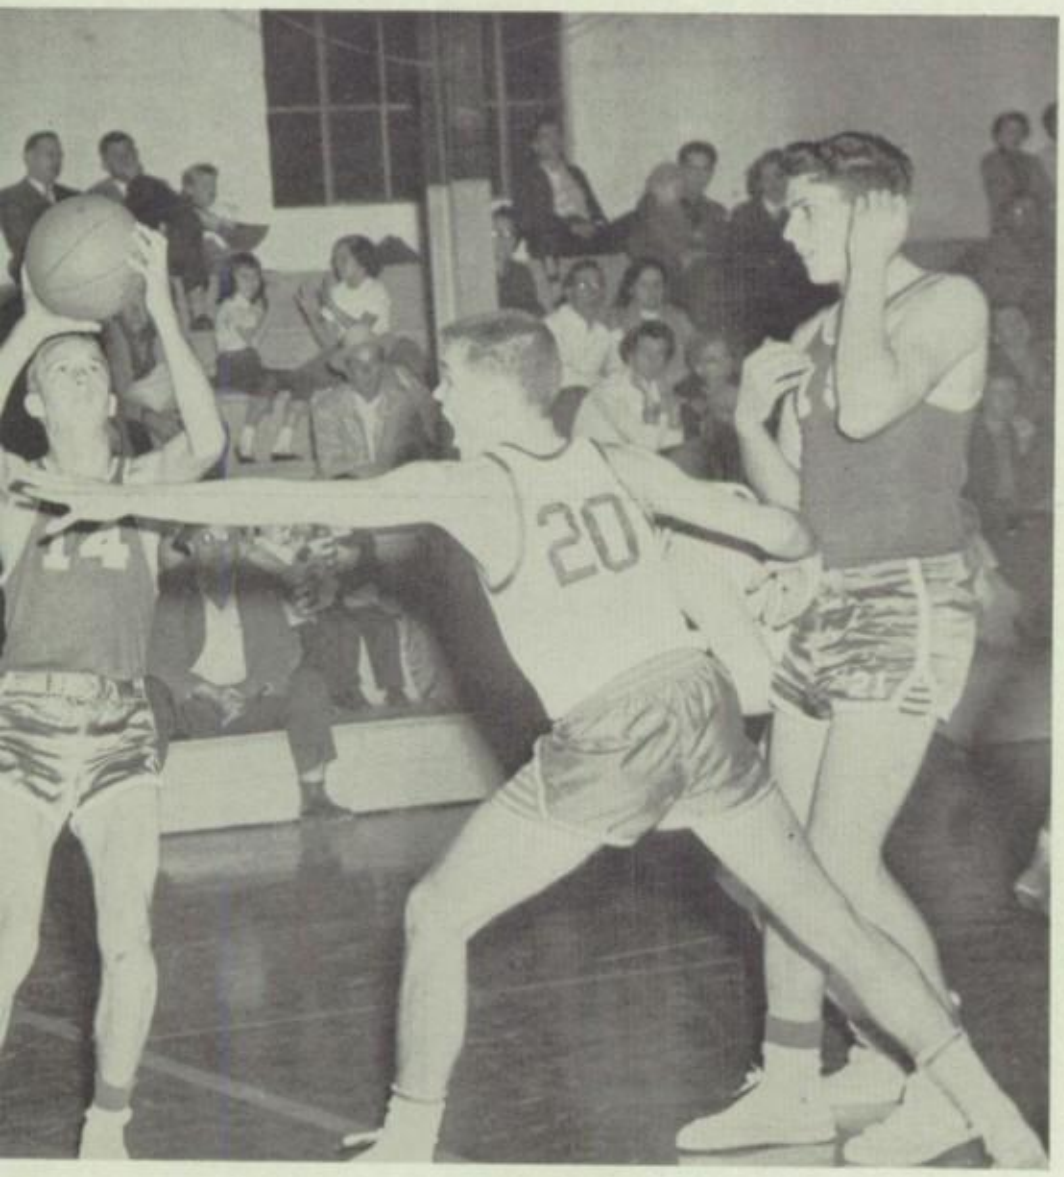
SHERMAN—66 DENTON—51

Stretching their losing streak to four straight games, the Broncos went down before a strong Sherman team, 66-51. At the half the Bearcats led by only four points, but in the last period the Sherman five pulled away from the Denton boys.

At the right Lafayette Newland (10) goes up for a layup as Ivan Dewbre (43) and Harold Blankemeyer (13) come in for a possible rebound.

DENTON—65 McKINNEY—26

Denton took its second victory over winless McKinney, 65-26, as the bench was emptied in an effort to hold the score down.



Above Jan Smith (14) gets set for a push shot against McKinney. Charles Strickland (15) watches from the left.

Bowing in defeat to the Greenville Lions, the Broncos lost their fifth district 3AAA game by a score of 68-59. The game was about even until the last quarter when the Lions put on a 21-point scoring spree to pull out in front.

At the right Lafayette Newland (10) pushes one toward the basket. Ivan Dewbre (43) waits in the background.

Springtime Brought Out the Best in Netmen

As Denton High students looked forward to the tennis season, they looked with expectant eyes to the four lettermen who were to carry the load for this year's team. Under the leadership of Coach Cecil Martin, Sally Hannah, Betty Fultz, Bill Hinkle, and Dan Hinkle led the team in its quest of the district title.

A host of newcomers, along with a number of Junior High graduates, strengthened the Broncos' chances of capturing the coveted crown.

The team was well prepared as the members took to the courts, for they practiced the year round and not just during the tennis season. The Hinkle brothers, for instance, traveled to tournaments all over the Southwest during the summer, fall, and winter months. The numerous trophies lining their room at home bear witness to their success in these ventures.

1954 Golf Lettermen

Donald Moore, Lanier Wilson, Coach Cecil (Zeke) Martin, Jan Smith, Don Hurst.

Bronco Golfers Shoot for District Title

Denton High School's Golfers set their eyes on the district crown this year as they boasted four returning lettermen and five squadmen from last year's second place district team.

Forming the nucleus of this year's links team were Donald Moore, Lanier Wilson, Jan Smith, and Don Hurst. Pushing them hard for team positions were squadmen, Jackie Harris, Dick McClendon, Joe Coulter, Jerry McCombs, and Joe Bowers. Bowers was a 1953 letterman, but was eliminated from last year's team because of illness during the qualifying rounds.

Several good boys came up from the Junior High team, too. With a little more experience under their belts, they should be of service to the team.

Denton has always been a good town for golf, with two colleges having 18-hole courses available to players. Too, the fact that North Texas State College won the National Collegiate Golf Championship four years in a row might be a factor in making this a golf town. North Texas also boasted of having the National Amateur Champion.

The DHS linksmen made the golf clubhouse at Texas State College for Women their headquarters.

Activities

Highlighting the homecoming festivities this year was the election of the Homecoming Queen. Candidates for the honor were Glenda Patrick, Maxine Massey, Carol Willis, and Gayle Linville. Their escorts were Bill Carrico, Bill Cogdell, Durwood Knight, and James Cogdell.

Celebrating her victory as Homecoming Queen, Maxine Massey receives a resounding smack from her escort, Bill Cogdell.

Homecoming

The assembly program Homecoming day consisted of Denton High exes. Here a real, old-fashioned barbershop quartet "rendered" several numbers. They are Dale Houston, R. B. Neale, Harwell Shepherd, and Carroll Goin.

Another highlight of the Homecoming activities was the bonfire the night before. Waiting for the rest of the students to arrive are Dan Hinkle, Ada Margaret McCray, Beverly Gross, David MacKenna, James Higgs, Richard Compton, Gary Bell, and Pete Zachry.

Donna Barnett announces the next number for the "Cotton Club Revue." The assembly program was inspired by the State Fair tent show.

Singing some real Negro spirituals and some hot jazz numbers is this quartet of blackface boys. They are Teddie Rue, George Becker, Richard Compton, and Larry Buchanan.

Cotton Club Revue

an McSpedden did a ry realistic takeoff the popular song list, Eartha Kitt.

The sweetheart of the Dixieland boys was tap dancer Jean Carrington. Living it up in the band were Darlene Hansen, Maxine Massey, Rowena Fielder, and Sylvia Fletcher.

Another hit of the show was this trio of "hot mamas," Mary Lou Moore, Nancy Howard, and Lynn McClurkan.

1. Winners announced at the intermission of the Favorites Formal, Jan. 29, were, seated: Jane Shands, Maxine Massey, Darlene Hansen, Rowena Fielder, Martha Jo Fletcher, Sylvia Fletcher, Mary Margaret McBryde. Standing: Bill Carrico, Bill Cogdell, Bill Hinkle, James Cogdell, Carroll Shahan.

2. Music for the Favorites' Formal, one of the highlights of the school year, was furnished by 'Fessor Floyd Graham and his College Aces. The dance was held in the TSCW Ballroom.

3. Another hillbilly scene was presented on assembly as Bob White (right) had to shoot his family because they wouldn't vote for his favorites.

4. Ralph Adams, the friendly undertaker, presented a strong case for his favorite corpses.

5. Robert Clark and Marion Warren seem oblivious of some of the outstanding posters displayed in the hall. Two of the winning posters were Shands' and Buchanan's mobile at the top and Wells' and Boles' wagon at the right.

6. Another winner was this pot-bellied savage for Harold Blankemeyer and Helen Machart.

Western Day

1. Wade Hampton and Patsy Pitner, selected as the best dressed cowboy and cowgirl in Denton High School, admire the prizes they were awarded at the Western Day Barn Dance.

2. Nominees for the best-dressed title were Wynna Lou Olmon, Patsy Pitner, Beverly Bryson, Tykie Richey, Jean Ann Newman, Floyd Halbert, Ralph Bullard, Jimmy Cobb, Wade Hampton, and Grady Collom. Here Paul Gallo, owner of Paul's Western Shop, presents the winner with a new hat.

3. The Five Strings furnished the music for the assembly program and for the dance that night. They are Kenny Massey, Melvin Robinson, Sidney Erwin, Billy Erwin, and Dave White.

4. Various moods and degrees of enjoyment were caught here in the audience at the assembly program.

5. Helga Hupfeld, a native German girl who has turned out to be a real Texan, entertained the students with the German version of "Chattanooga Shoeshine Boy."

"The Divine Flora"

1. Inquisitive columnists, Jane Shands and Darlene Hansen, eagerly watch the reactions of Senior Prom guests Mary Lynn Thompson, Charles Dougherty, Barbara Jones, and Pete Zachry.

2. Charles LaGrone smiles happily at Pat Woolsey, who plays the part of his daughter, as her admirers, Billy Cogdell and Bill Hinkle, look on.

3. Lynn McClurkan, glamorous New York radio star, tells a story which leaves Don Henrich, Carol Cross, David Boles, Jean Carrington, Ralph Adams, Claudia Birdwell, and Charles Dougherty with a happy smile.

4. Basking in the warm glances of his adoring fans is Larry Buchanan, crooning band leader from Texas. His ardent fans are Rowena Fielder, Jeanette Parks, Maxine Shepherd, Nancy Howard, Marcia Wells, Maxine Massey, Gayle Linville, and Hal Ann Pender.

5. Actors and stage crew confer with Mrs. Opal Hall, director, about the set for "The Divine Flora." They are Larry Buchanan, Mrs. Hall, Charles LaGrone, Marijo Roach, Kathy Brown, Jack Ewan, Wynna Lou Olmon, Ralph Adams, and Charles Dougherty.

WELCOME TO

TASC

STATE CONVENTION

Denton High School acted as host school to 1500 students from the member schools of the Texas Association of Student Councils at the State Convention, March 24-26.

1. David Boles, general chairman of the convention, smiles happily over the registration blanks as he confers on the phone about one of the numerous items for which he was responsible.

2. Marcia Wells, state secretary of TASC, handled the tremendous task of keeping in touch with member schools on convention and other student council business.

3. Housing the visitors fell to Linda Taylor, Mary Margaret McBryde, Jane Shands, and Jo Ann Roberson. Mrs. Janie Shands, advisor, explains the registration as Miss Lois Averitt listens.

4. Painting one of the many "Welcome" banners are Maxine Massey, Hal Ann Pender, Carolyn Kirkpatrick, Jo Ann Roberson, Peggy Aiken, Margie Stubblefield, Beverly Gross, and Linda Taylor as Mrs. Shands and Mr. Homer Bronstad look on.

5. Caught in the middle of planning entertainment for the convention are Rowena Fielder, Gary Bell, Nancy Howard, and Margie Stubblefield.

3

Science Fair

A science fair was held at the Denton High School, March 14-15, and was sponsored by the Denton County Unit of the Texas State Teachers Association. Mr. Wayne Taylor acted as general chairman. Shown here are several of the Denton High science students preparing their projects.

1. Checking his solar heat reflector for the exhibit is Warren Jackson.

2. Billy Havill gets a "mad" gleam in his eyes as he works on his new method of qualitative analysis.

3. After infecting some white rats with a virus, Ivan Dewbre carefully weighs one of the animals to see if it has lost any weight.

4. Welding takes up quite a lot of David MacKenna's time and energy as he builds his one-man heliocopter.

5. John Mark Fletcher takes a picture through a microscope of the material on the slide as he prepares his photomicrography project.

Mr. Taylor,
I have enjoyed being in your class this past. I can't say I like all parts of physics, but a lot of it has been very interesting. I wish you the best of luck in the future, and may all your days be happy ones.
Bon Appetit

Mr. Taylor,
I have really enjoyed being in your class for the past two years. I really appreciate what you have done for me.
Best of luck in the future
Philip Speigh

Mr Taylor —
I think the annual pictures are very good. You were the man behind the camera.
Best Wishes
Bill Stapleton

I have entirely enjoyed having you as a chemistry and Physics teacher I hope my helicopter flies!!
Best Wishes,
David Mackenzie

Mr. Taylor,
I have enjoyed your class very much. I have learned much in chemistry and I hope I can learn more in Physics. Best of luck,
Joe Honaker

Mr. Taylor,
I have certainly enjoyed being in your chemistry class. I feel that I have learned quite a lot, and I appreciated having you as a teacher.
Sincerely,
Beverly Gross

Mr. Taylor
Your chemistry and physics
classes were the best chemistry and
physics classes I have ever been in.
Bobby Naggin

Mr. Taylor
I have enjoyed being
in your chemistry class.
I have really learned a
lot.
Lots of luck always,
Patsy Ann
